## A New Hobby Gives You A Brand New Interest!

Yes, anyone from 5 to 80 can draw at sketch or paint anything now... the very first time you use the Magic Art Reproducer like a professional artist—no matter how "hopeless" you think you are! An unlimited variety and amount of drawings can be made. Art is admired and respected by everyone. Most hobbies are expensive, but drawing costs very little, just some inexpensive paper, pencils, crayons, or paint. No costly sketches nothing to wear out, no parts to replace. It automatically reproduces anything you want to draw on any sheet of paper. Then easily and quickly follow the lines of the "picture image" with your pencil and you have an accurate original drawing that anyone would think an artist had done. No guesswork, no juggling sizes and shapes! Reproduces black and white and actual colors for paintings.

Also makes drawing larger or smaller as you wish.

Anyone can use it on any desk, table, board, etc.—indoors or out doors! Light and compact to be taken wherever you wish. No other lessons or practice or talent needed! You'll be proud to frame your original drawings for a more distinctive touch to your home. Give them to friends as gifts that are "different" appreciated.

Have had it popular! Everyone will ask you to draw them. You'll be in demand! After a short time you may find you can draw well without the Magic Art Reproducer! Because you have developed a "touch" and feeling artists have—which only lead to a good paying art career.
